FOR IMMEDIATE RELEASE

Republic Parks & Recreation Department Receives \$9,200.00 T.R.I.M. Grant

REPUBLIC, MO - The Republic Parks & Recreation Department recently received notice from the Missouri Department of Conservation that it has been chosen to receive a \$9,204.65 Tree Resource Improvement & Maintenance (T.R.I.M.) grant to partially fund the **Miller Park Tree Planting & Management Plan**.

The **Miller Park Tree Planting & Management Plan** calls for approximately 150 trees from twenty-seven different species to be added to the areas located around the walking trail and parking lots at Miller Park (711 E. Miller Road). The Republic Parks & Recreation Department is also planning to add a tree and plant identification program along the trail detailing tree and plant types and their common characteristics.

A full color detail of the **Miller Park Tree Planting & Management Plan** is on display now in the lobby of the Republic Community Center. Citizens are encouraged to stop by and see what is in store for Miller Park. The Republic Parks & Recreation Department anticipates all of the trees and support signage should be planted and in place by May 2007. For more information pertaining to this project, please contact Jared Keeling with the Republic Parks & Recreation Department at (417)-732-3500.
