## AGENDA ITEM STAFF ANALYSIS

**Project/Issue Name:** Bill #06-08 an Ordinance Creating the Position of, and Adopting the Job Description for Engineering Technician II for the City of Republic, Missouri

**Submitted By:** David Brock, Public Works Director

**Date:** February 13, 2006

### Issue Statement

The position of Engineering Technician II position is a new job title within Public Works Administration and the attached job description provides the necessary guidance for the hiring and personnel actions.

### Discussion and/or Analysis

This position is not currently proposed to be filled but to provide a career path for individuals who have accrued sufficient experience as an Engineering Technician I. In the future, as increased staffing is needed and approved it is likely that Engineering Technicians at both levels would be utilized.

### Recommended Action

David Brock, Public Works Director respectfully recommends approval of Bill #06-08, creating the job title and description for the position of Engineering Technician II.
